(D) ERSATZTEILLISTE

WICHTIG BEI BESTELLUNG VON ERSATZTEILEN

Für das zu ersetzende Teil ist anhand der nachfolgenden Ersatzteilliste die genaue Bestell-Nummer und die Bezeichnung festzustellen.

Besonders aber bitten wir um Angabe des auf dem Typenschild eingetragten Maschinen-Typen und der Maschinen-Nummer, um Fehllieferungen von Ersatzteilen zu vermeiden. Die genaue Anschrift sowie Versandart (per Post, Paketdienst, Nachtexpress oder Spedition Ihrer Wahl) ist unbedingt anzugeben.

Die in der Ersatzteilliste mit "EV" gekennzeichneten Ersatzteile unterliegen während des Betriebes natürlichem Verschleiß und sind daher von der Garantie ausgenommen. Vor jedem Einsatz ist die Überprüfung der Funktionsfähigkeit dieser Teile erforderlich. Gegebenenfalls muss der Austausch erfolgen. Für Folgeschäden, die durch nicht rechtzeitiges Auswechseln von Verschleißteilen entstehen, besteht kein Garantieanspruch.

(F) CATALOGUE DES PIÈCES DE RECHANGE

NOTE IMPORTANTE RELATIVE AUX COMMANDES DE PIÈCES DETACHEES

Déterminez le numéro exact de référence et la désignation de la pièce à échanger, en consultant la liste suivante des pièces de rechange, s.v.p.

Nous vous demandons en particulier, pour éviter les erreurs dans les livraisons en pièces détachées, de bien indiquer le numéro de la série du type de la machine, qui est marqué sur la plaque du constructeur, ainsi que le numéro de la machine. Toujours indiquer l'adresse avec précision, ainsi que le mode d'expédition choisi (par voie postale, par petit paquet, par colis postal, en service express de nuit, ou par un autre mode d'expédition que ceux ci-dessus cités).

Les pièces de rechange marquées "EV" dans la liste des pièces de rechange sont soumises à l'usure par détérioration naturelle pendant le service, et pour cela ne sont pas couvertes par notre garantie. Avant toute utilisation, il faut contrôler le bon fonctionnement de ces pièces. Si nécessaire, il faut les remplacer. Nous ne pouvons pas accepter de garantie pour dommages consécutifs résultant du fait que les pièces d'usure n'ayent pas été remplacées au bon moment.

We cannot accept any warranty for consequential damage which is due to the fact that wear parts have not replaced in proper time.

(NL) ONDERDELENLIJST

BELANGRIJK VOOR HET BESTELLEN VAN ONDERDELEN

Volgens bijgaande onderdelenlijst is het juiste bestelnummer en de omschrijving van het te vervangen deel vast te stellen.

In het bijzonder vragen wij U, het op het typeplaatje ingestempelde machinetype en machinenummer op te geven, om foutieve leveringen van onderdelen te vermijden. Bestel noodzakelijk is het vermelden van het juiste adres, met postkantoor of NS-station en postcode, alsmede de verzendingswijze (pakje, postpakket, vracht-, jil- of expressegoed).

De onderdelen, die in de onderdelenlijst met een "EV" zijn gemerkt, zijn tijdens het gebruik onderhevig aan normale slijtage en vallen daarom niet onder de garantiebepalingen. De toestand van deze delen dient, telkens vóór het werk begint, te worden gecontroleerd op hun goede werking. Zonodig versleten delen vervangen. Eventuele schade, tengevolge van niet tijdige vervanging van versleten onderdelen, wordt niet door de garantie gedekt.
